

Notre Dame Ball Players Get First Outdoor Workout On Cartier Field

N. D. DIAMOND MEN GET FIRST DRILL ON CARTIER FIELD

Coach Harper Puts Squad Through Infield Practice. Lathrop Sent to Outfield. Many Out For Mound.

Cartier field became the scene of baseball activities at Notre Dame yesterday, when Coach Harper took his men on the varsity playing field for the first time this season.

A stiff infield drill was the most important feature of the afternoon's workout and the men showed considerable improvement, both in handling themselves at their respective positions and in teamwork.

Considerable work has already been done on the Cartier field diamond, but considerable more will be done to put it in the best of shape. The diamond was in fair shape yesterday but it will not be in condition conducive to real speedy work for a few days.

Less than three weeks now remains before the opening of the baseball season and Coach Harper hopes to round the nine into the best of condition before the opening fray, which will be with Wisconsin on the local field.

Lathrop is again being worked in the outfield, after a whirl at third base. He started in the outfield last season.

At the present time, Mills, Burke and O'Donnell are being worked consistently at first base, Rowan and LaJole seem to have the bulk at second, with Mike Carmody and Jake Kline going strong at third base and Bertman and Art Carmody fighting it out at shortstop.

Capt. Duggan, Lathrop, Ward, Pliska, Conboy and Banjan are going good in the outfield.

It is possible that Ernie Burke will be used in the outfield. The little fellow is a splendid hitter, a classy fielder and has a good whip. He has been playing first base heretofore, however. Joe Kenney, Pete Morris, Beckman and Shea are the catchers who are being worked regularly. Among the pitchers are Sheehan, Berger, Wells, Boland, Walsh, Fitzgerald, Dorwin and Flynn.

Track Men Getting Ready. Track men at Notre Dame, who will compete in the Central A. U. championship at Chicago, April 3, are working out regularly to get in the best of shape for the contests. Because of the rather chilly weather, Coach Koeckne is not allowing much out of door work at present and the men are training in the gym.

Outdoor work for the remainder of the track men will start next week. Work will begin this week in putting the quarter-mile track on Cartier field in shape for the outdoor season.

There is a possibility that George Waage, Notre Dame's crack miler, will compete in the Central A. U. games. Waage was out on the indoor track Monday for the first time since he was injured in the Wisconsin meet. He simply limped around the track for a few laps in tennis shoes and did not get up on his toes at all. Waage was accidentally spiked by one of the Wisconsin runners on the first lap and lost his shoe. He ran the remainder of the race with only one shoe. His foot was badly cut by the spike and he suffered painful blood bruises on the bottom of his bare foot, from the strenuous grind.

Coach Koeckne said today that he didn't know yet whether Waage would be able to run in the Central A. U. meet. The second preliminary interhall track meet will be held Friday afternoon at 2 o'clock in the gymnasium. St. Joe, Sorin and Walsh halls clashing.

DUNDIE BEATS CALLAHAN. NEW YORK, March 17.—Johnny Dundie weighing 135 pounds, defeated Frankie Callahan, 131 pounds, at the Broadway Sporting Club Brooklyn, Tuesday night in a slashing ten-round bout.

UNKNOWN MAN KILLED.

WALKERTON, March 17.—The body of an unidentified man who was killed on the Baltimore & Ohio railroad six miles east of here is being held at the W. H. Smith undertaking parlors here. He is about five feet six inches in height, has black hair, sandy stubby mustache, bluish gray eyes, scar on left finger and large corn on right toe of right foot, two teeth are missing. He was dressed in a blue shirt over which he wore a pair of overalls, a gray sweater and a brown overcoat.

GUNBOAT SMITH SHADED BY DILLON IN HOT CONTEST

Indianapolis Man Has Little Trouble in Avoiding Sailor's Right, While He Pummels Body Until It Gets Red.

By Sam P. Hall

MILWAUKEE, Wis., March 17.—Jack Dillon of Indianapolis, gave Gunboat Smith 12 pounds Tuesday night and shaded him in ten rounds. Dillon kept close to his tall antagonist and made a body fight of it all the way. He also made it a point to keep the tar's left busy and in that manner had an easy time avoiding the gunboat's noted right hand haymaker.

Smith could have left his right in New York for all the good it did him on attack.

Dillon uncorked his body offense in the first round and in a brief time had reddened the sailor's front from his waist line to his breast.

He kept it red throughout. Jack employed a wicked left hook in this body fighting and did most of his execution with that. His right he used to block the gunner's left hooks to the head. The right he slipped his head inside of without trouble.

Dillon won the second, third, sixth, ninth and tenth rounds by fair margins. Smith took the fourth on the strength of a couple of right uppercuts to the jaw, the only good punches he landed with that hand in the half hour of milling. It was a busy, earnest quarrel that pleased the small gathering in the spacious auditorium.
